Lowepro PhotoStream SP 200 Roller Bag Overview

Designed for the serious traveling photographer or videographer, this black PhotoStream SP 200 Roller Bag from Lowepro is a spacious case optimized for airplane travel. Within a durable nylon and molded EVA hardshell, the main compartment provides room for up to two professional cameras, four to eight extra lenses or flashes, a 15" laptop, and more. Adjustable dividers are provided and can be configured in nearly endless ways to best suit your gear, making for an organized setup. Additionally, the front panel of the bag can be folded out when the top part is open, allowing you to quickly access your laptop or tablet without having to open the rest of the zipper.

The PhotoStream SP 200 has exterior measurements of 13.8 x 8.8 x 21.7" and weighs 9.7 lb when empty, matching carry-on requirements for most American airlines. For keeping small items such as cables or lens caps, two zippered mesh pockets are conveniently located on the lid interior and allow for easy access to your accessories. As for transport, the case comes with a three-stage telescoping handle and four 360° wheels for easy rolling. When hand carrying is needed, you can use the integrated handles found at the top, side, or bottom of the bag.

- Nylon and EVA hardshell case optimized for air travel
- Holds 1 or 2 professional DSLRs or mirrorless cameras, plus 4-8 extra lenses, flashes, battery grips, etc.
- Set of customizable padded dividers can be adjusted or removed to find the best setup for your gear
- Hinged front panel allows easy access to your laptop or tablet without opening the entire bag
- Dual zippered mesh pockets for keeping small accessories such as cables, batteries, and memory cards
- Lightweight telescoping handle made of aluminum, center button allows you to set it to 3 different stages

- 4 wheels with 360° rotation for easy and intuitive transport
- Integrated handles on the top, side, and bottom of the case for carrying by hand
- Exterior dimensions of 13.8 x 8.8 x 21.7" meet carry-on requirements for most airlines
