Lowepro Pro Runner 450 AW Backpack

Rs.8,500

Description:

Lowepro Pro Runner 450 AW Backpack Price & Specs

To save your equipment from dust and rain, visit us to know Lowepro Pro Runner 450 AW Backpack price in Pakistan. 450 AW is a durable backpack that can save your day by protecting the expensive gear. Water-resistant material and strong zippers give you a peace-of-mind and ensure your camera is at the safest place possible. Front and inside sections have enough space for camera, lenses, and extra accessories.

Lowepro 450 AW has rubber grab handles with more than one adjustment points. You can also carry your laptop and other accessories in it. The backpack is capable of withstanding years of heavy use. Best for Pakistani photographers and Filmmakers who want a onetime solution. It can help you

organize your accessories when going on a long term project in the mountains

or out in the wild. It comes with a separate pocket for each of your accessories.

The Lowepro Pro Runner 450 AW Backpack (Black) is designed to carry and protect a Pro digital SLR camera with attached lens (up to 300mm f/2.8) plus 4-6 lenses or flash, accessories, laptop with a screen up to a 17", tripod or monopod and personal items. It can also hold a notebook computer with a screen up to 17". It is made from weather-resistant 600 denier square rip-stop polyester with a padded interior plus removable, padded inserts and adjustable dividers. The pack has an All Weather AW Cover that protects the camera gear from the elements. It also has rain flap lids that covers the zippered closure and offers added weather protection. There is a Hideaway Tripod Mount with foldout holder that secures a compact tripod or monopod. The SlipLock attachment loops will allow the addition of optional accessories. The backpack is carried by a durable rubber grab handle or adjustable, thickly padded shoulder straps with 5 adjustment points.
