DESCRIPTION:

Discover the world in a new light through the lens of the new Canon EOS 1200D 18MP Digital SLR Camera. This stylish DSLR camera comes with an EF-S 18-55mm f/3.5-5.6 IS II Lens, an 8GB micro SD card and an elegant bag to carry the device. This easy-to-use camera is a perfect choice for you to start your tryst with photography. The features of this newly designed Nikon camera are explained below:

Superior ISO Range:

This 18 MP DSLR camera has a wide ISO range of 100-6400, which enables you to capture photos in low light conditions. The camera also provides an expandable ISO Range up to 12,800. It is extremely sensitive to light and the user can choose how much light exposure he wants for a particular picture.

Picture Filters*:*

The EOS 1200D comes with five creative filters that can bring an effective change in the mood of your photos. The creative filters can be adjusted to get the various modes like Grainy Black and White, Soft focus, Fish-eye effect, Toy camera effect and Miniature effect, that would add life to the photos.

Scene Intelligent Auto Mode*:*

This camera provides the Scene Intelligent Auto Mode which automatically adjusts itself to the optimal settings by recognising the type of the scene of the shot. The Scene Intelligent Auto Mode perfectly recognises different type of scenes such as portraits, landscapes and different light conditions.

EOS Companion app:

The EOS 1200D is equipped with the EOS Companion app which helps you learn interesting facts about photography. The interactive tutorials and assignments will enhance your photographic and aesthetic skills.

Other specifications:

This camera allows you to capture almost 850 images on a single charge. The camera comes with a rechargeable Li-ion battery
