GoPro HERO (2018)

Rs.25,999

Description:

GoPro HERO (2018) Price & Specs

- Records 1440p or 1080p Video
- Capture 10MP Photos
- Waterproof to 33'
- Voice Control
- Rear 2" Touchscreen
- Wi-Fi for Remote Monitoring and Control
- Includes Flat and Curved Adhesive Mounts

Capture your adventures in 1440p or 1080p HD with the **GoPro HERO**. Using the same body construction as its higher-end siblings the HERO5 Black and HERO6 Black, users that don't require the extra bells and whistles of those models can enjoy the flexibility and durability offered by the HERO camera series. The familiar body shape is physically compatible with HERO5 Black and HERO6 Black accessories, such as housings, cages, and mounts, so you can take it with you nearly anywhere. Plus, the body is waterproof to depths of 33' without a housing, so you can take it with you into the pool or the ocean.

Video can be captured in 1440p or 1080p HD in both 30 and 60 fps. Alternatively, you can also capture 10-megapixel still photos to complement your videos. Capturing photos and videos is easy, as the HERO can be controlled by your voice using simple, spoken commands. If you want to delve further into the camera settings, the rear 2" touchscreen LCD is fast and intuitive. Also, it lets you frame your shots quickly and accurately.

- Quickly switch between modes, frame the perfect shot and check out your footage on the 2-inch touch screen.
- Tough and waterproof rubberized body. Take your adventures to 33' depths underwater.
- Control your HERO hands-free with simple voice commands like "GoPro, start recording" and "GoPro, take a photo."
- Connect to the GoPro app to control your camera remotely, check out your shots and share your favorites on the spot.
- Integrates with the free GoPro smartphone app for sharing your moments as they happen.
- With GoPro QuikStories, the HERO automatically sends your footage to the GoPro app where it transforms into a fully edited video with music and effects.

- With a GoPro Plus subscription, you can automatically back up unlimited photos and up to 35 hours of video to the cloud.
- With built-in electronic stabilization HERO records smooth, stabilized video whether you're shooting by hand or using a GoPro mount.
- One-Button control ensures you capture awesome moments, in the moment. A single press of the shutter button powers on your HERO and starts recording automatically.
