GoPro Hero 8 Black

Rs.60,000

Description:

GoPro Hero 8 Black Price In Pakistan & Specification

GroPro Hero 8 Price in Pakistan will pump you up to buy it on the first news. This new smooth product comes with a much-improved camera to get your life back in action. It helps you create fun videos with updated Hyper smooth 2.0 and a lot of new tweaks. If you are accustomed to GoPro, the chances are that you will love Gopro Hero 8. This updated action camera has a battery and a USD port on the side. Like previous models, it is waterproof up to 33 feet. The camera is much slimmer, and mic comes with improved noise reduction technology.

It has an HDMI output and designed to be frameless. There are fold able loops at the end of the camera to make vlogging easier. GroPro Hero 8 Price in Pakistan may seem a little high, but the features it provides makes it worth buying. This new equipment is much thinner and much durable than previous models. The lens is thicker and has Gorilla Glass with improved impact-resistance. Hero 8 doesn't mess up your image. It contains all the basic features from the previous models and more. The battery time is spectacular. This new Hero camera can also help you live stream at 1080p.

- Up to UHD 4K Video, Slow Motion
- HyperSmooth 2.0 Video Stabilization
- TimeWarp 2.0 Stabilized Time-Lapse Video
- SuperPhoto 12MP Stills with HDR Support

GoPro Hero 8 Black Overview

GoPro augments its already impressive action camera line with the HERO8 Black, the versatile next-generation action cam designed to capture smooth, stable footage of your latest adventure, from a simple boat trip to a wild jump-off-a-mountain ride. The HERO8 Black features updated HyperSmooth 2.0 stabilization to produce smooth, gimbal-like movement at all supported frame rates, without the need for a gimbal. Additional updates include a sleeker physical design with a "folding fingers" type base for fast mounting, a redesigned battery door for quicker battery changes, a lens with twice the impact resistance as the HERO7, an optional Battery Mod for nearly 2.5x more battery life, and an optional Media Mod to expand your accessory possibilities.

The GoPro HERO8 Black supports up to UHD 4K video resolutions, and time-lapse, slow-motion, and super-slow-motion video. Still images can be captured in up to 12MP resolution in bursts of up to 30 images per second with the updated SuperPhoto with HDR support that helps reduce blur and enhance detail in low-light situations. It also features

an updated Night-Lapse function to shoot and process up to 4K time-lapses at night. The LiveBurst function allows you to record 1.5 seconds before and after your photo to give you more choices for the best frame. The lens field of view (FOV) choices have also been updated to four modes: Narrow, Linear at 24.4mm, Wide at 16.5mm, and SuperView at 15.1mm.

Like its predecessor, the HERO8 Black supports direct streaming to Facebook Live. It's also waterproof to 33', suiting it for surfing, snorkeling, and swimming activities. Separately available floats and housings are available separately for additional water support and even deeper underwater activities down to 196'. The touchscreen provides quick and easy management, but when your hands are full, the HERO8 Black understands 15 voice commands in over ten languages and accents so you can verbally control the HERO8 Black. Just shout "GoPro, take a photo" and your HERO8 will use your current settings to snap a photo, making selfies a breeze.

New Fatures in HERO8 Black

- Smaller, more streamlined design
- Swapping mounts and changing batteries has been made even faster
- Lens is two times more impact resistant
- Improved HyperSmooth 2.0 stabilization and TimeWarp 2.0 time-lapse
- Night-lapse and LiveBurst support
- Slow-motion stability improvements
- Change easily between lens FOV with Narrow, Linear, Wide, and SuperView modes
- Media Mod option can add more lighting and audio as well as another screen
- Optional Battery Mod multiplies runtime 2.5x

HyperSmooth 2.0 Video Stabilization

Get gimbal-like smoothness without the bulk of a gimbal. HERO8 Black predicts your movements and corrects for camera shake to deliver even smoother footage than before.

SuperPhoto with HDR

Get the best photos automatically. With SuperPhoto, HERO8 Black intelligently applies HDR, local tone mapping, or noise reduction to optimize your shots.

TimeWarp 2.0 Video

Capture super-stabilized time-lapse videos while you move about a scene. Increase the speed up to 30x to turn longer activities into shareable moments.

LiveBurst

Records 1.5 seconds before and after your still shot so you can choose the best single frame for the perfect photo, or share the brief video recorded.

Live Streaming

Share your story live over Facebook Live while saving your streamed videos to your SD card.

4K60 Video and 12MP Photos

The camera shoots up to UHD 4K resolution video and 12MP stills.

Shoot Vertically

Flip the camera to the side and capture photos and videos in portrait orientation for social media updates.

Features

- Control your HERO8 Black hands-free with over 15 voice commands and accents like "GoPro, take a photo" and "GoPro, start recording"
- Natively waterproof down to 33' without a housing
- Slow things down to 8x to relive the moment with slow-motion
- The intuitive touchscreen features three main capture modes with streamlined settings
- Frame your photos and videos in Touch Zoom by simply touching the screen (operates in select video modes)
- Face, Smile, and Scene Detection functions
- Auto-transfer to your smartphone with the GoPro app for quick social media updates
- GPS Performance Stickers display your speed, distance, and location
- Create QuikStories with the GoPro and Quick mobile apps
- Advanced noise suppression actively filters out wind, vibration, and handling noise for crisper, clearer audio quality
- Capture JPEG photos for easier storage, or shoot in raw for the highest quality

GoPro Apps

GoPro and Quik apps allow you to access and edit your GoPro footage with simple-to-use yet powerful functions. QuikStories combines the functionality of both apps, automatically downloading GoPro footage from your HERO8 Black and composing an easily shareable montage of your adventures on the spot.

GoPro (iOS/Android)

Use your iOS or Android device to live-preview and play back shots, control your GoPro, and share on the fly

- Live preview makes it easy to frame the perfect shot
- Get full remote control of all camera functions
- Share photos and videos to Instagram, Facebook, Twitter, and more

GoPro Quik (iOS/Android)

Edit videos with just a few taps

- Analyze your photos and video clips to find great moments
- Add transitions and effects, and sync everything to the beat of the music
- Customize your story with text, filters, music, and more

GoPro Quik | Desktop (Mac/Windows)

Import and edit your videos with just a few clicks

- Transform your footage into edited videos synced to music
- Automatically import your photos and videos and share your best shots
- Comes bundled with GoPro Studio for more advanced editing
